Provisional Data

These data tables are provisional. They are a snapshot of outcomes taken shortly before results are released to students and do not reflect changes due to Enquiry upon Results or IB investigations where schools have not responded to inquiries by issue of results. A confirmed version of this statistical release will be made available after the close of the assessment session. Whilst provisional, we do not anticipate significant changes to outcomes or entries to occur when the final bulletin is released.

Certificate points distribution

From the May 2023 Middle Years Programme (MYP) assessment session, the statistical bulletin will no longer include the number of certificate students achieving specific total points. The IB has made this decision because it values the importance of focusing on the achievements of all students—we are equally proud of all our IB students and the accomplishments they achieved during their MYP journey. By presenting the proportion of points in bands, we believe that there is sufficient information for interested parties to understand our standards.

Key to abbreviations and terminology

Categories of registration

Course: students who register for subjects that cannot meet the requirements of the IB MYP Certificate

Certificate: students who register for assessment in subjects that could lead to the IB MYP Certificate

Retake: students who register to retake the IB MYP Certificate

IB Regions

Schools authorized to offer the IB are grouped by geographical regions.

IB Americas (IBA)

IB Africa, Europe, Middle East (IBAEM)
