

**Retake candidates - How do we include the *candidate and teacher declaration* statements to the 'Criteria marks and teacher marking comments' document when uploading work?**

Please note that if the retake candidate previously took the subject in a different school, you will need to obtain the work from the original school in order to verify that the May 20 submission is substantially modified or new work.

**Declaration by candidate:**

I hereby confirm that the piece of work submitted for assessment is wholly original. It is either new work and was not submitted in a previous examination session or is a substantial modification of work I submitted in a previous examination session. This work was completed without any undue assistance and in adherence to the relevant subject guide and it represents my own genuine and unaided work.

Candidate name (print name)	Date

**Declaration by teacher:**

By submitting this work for assessment, I confirm its authenticity as an original piece of work produced by the candidate. The work was completed with no undue assistance and in adherence to the requirements detailed in Assessment Procedures 2020 and the instructions contained within the relevant subject guide. I have verified that the work is entirely or substantially different from the work submitted in previous examination session(s) by this candidate.
